

Who We are: The Madison County Arts Council is a 501(c)3 not-for-profit organization serving the residents, artists and visitors of Madison County since 2001. Governed by a volunteer board of Directors, it is the purpose of the Madison County Arts Council to cultivate an appreciation of the cultural arts and to encourage participation in the performing, graphic, and visual arts in the Madison County area.

What We Do: Expanding from its initial purpose of providing community theatre to the Madison County area, the Arts Council has grown to include events and activities, which support and encourage not only the performing arts, but the literary, music, and visual arts as well.

How you can contribute: Support the Arts Council with a tax deductible donation. With a current membership of over one hundred members, the Madison County Arts Council has developed into a strong and vital organization, which continues to provide opportunities for area citizens to participate in arts related activities and to be entertained and educated by them. Your donation helps insure that Madison County will be a place where the arts can flourish. See Membership Levels below. ****Please note that there are no family memberships. All memberships are on a per person basis. There are no lifetime memberships. All memberships are renewable each year. Thank you for your support of the arts.****
